Japanese

PROFILE

I'm a 20-year-old student with a passion for technology and a strong background in Computer Science, specializing in Artificial Intelligence. I'm currently pursuing my studies at Dar Al Hekma University, where I'm dedication and enthusiasm for the world of AI and technology have set my on an exciting path towards a promising future.

EXPERIENCE

2021 - 2022

DIGITAL LIBRARY
Led the development and implementation of a comprehensive Digital Library system for Opject Oriented Programming. This project aimed to modernize and streamline access to the organization's vast collection of digital resources.

2023 - PRESENT

TETRIS GAME
Working on a Tetris game in C# using Visual Studio.The game provides an engaging and enjoyable experience,allowing players to challenge themselves and achieve high scores. Developing this project improved my C# programming skills and game development knowledge.
